HTML, CSS, JavaScript, TypeScript, React.js, Node.js, Express, REST APIs, PostgreSQL

Tools:

VS Code, Figma, Git/GitHub, Visual Studio 2022, Unity, Unreal, Maya, After Effects, Clip Studio Paint

Code Bootcamps:

The Complete Full Stack Web Development Bootcamp (Completed 2025)

PROJECTS:

semicolon; <i>Personal Solo Project</i>	2025
- Developed a simple blog web app using Express, Node.js, and EJS, deployed on Render - Implemented core features including CRUD post creation - Designed responsive EJS templates to deliver a simple, aesthetic, and intuitive UI/UX	
PIN-BRAWL <i>Academic Team Project</i> <i>UI/UX Designer</i>	2024
- Developed a multiplayer platformer fighting game in Unity in a team of 5 - Designed and implemented UI/UX design, improving the game's menus and game loop - Contributed to environment art assets, including background, lobby design, and animations	
Audio Visualizer <i>Academic Solo Project</i>	2024
- Developed an audio visualizer web application using HTML, CSS and JavaScript - Developed interactive audio visualizations using the Web Audio API and dynamic canvas rendering - Built modular, performance-conscious ES6 JavaScript to animate visuals, manage audio playback, and respond to user input - Designed and implemented accessible, semantic HTML and CSS to deliver a clean and intuitive user interface	

WORK EXPERIENCE:

UI/UX Designer and Web Developer <i>RIT "Looking for Group (LFG)"</i>	May 2024 – December 2024 Rochester, NY
- Collaborated with a team to design and develop an upcoming website looking to connect individuals interested in building software and digital media-based projects - Worked with other designers to create low and high-fidelity wireframes and develop interactive prototypes using Figma - Conducted research and analyzed user feedback to inform significant design decisions and enhance the user experience	
Lab Assistant (Front Desk) <i>RIT CADTech</i>	September 2023 – May 2024 Rochester, NY
- Managed and provided technical support within the College of Art and Design, including file/web services, printing, software troubleshooting, etc. - Utilized strong problem-solving abilities to research, document, and implement solutions - Assisted students and staff in a team-oriented environment, improving customer service satisfaction
